

## TA Position in the Patrizi Lab

We are seeking a **Biological-Technical Assistant / Biology Laboratory Assistant (f/m/d)** for a **full-time, 2-year position** in our international research team. The successful candidate will perform molecular biological and cell biology standard methods (DNA/RNA/protein extraction and analysis, microscopy, ELISA, cell culture, immunoblotting, immunocytochemistry, immunohistochemistry), prepare tissue samples using vibratome and cryostat, manage general laboratory organization (supplies, reagents, protocols, company interface), and support training of students and young scientists. **Requirements:** completed training as BTA/MTA, biology laboratory assistant certificate, or Bachelor's degree in Biosciences; very good German and fluent English; practical experience with the above methods and MS Office; independent and structured working style; high responsibility and reliability. Experience with animal experiments (FELASA certificate) is advantageous. **We offer:** a 2-year contract in an attractive, modern laboratory environment and pleasant international atmosphere.

Candidates should submit a curriculum vitae (including a list of known techniques), a short letter of motivation, and a list of 3 referees. Complete application is to be in English and submitted in one PDF file via e-mail to [patrizi@nbio.uni-heidelberg.de](mailto:patrizi@nbio.uni-heidelberg.de) by **November 10, 2025**. Letters of recommendation will be requested at a later stage.

Please see the [advertisement on the Heidelberg University website](#) for more information, and for a description of the position in German.
